

Shree Mahalaxmi Perforators

PREMIUM IN QUALITY

PIONEERS IN CLASS

Manufacturers Of

Welded Wire Mesh | Expanded Metal Sheet | Perforated Sheet | Crimped Wire Mesh

Finishing Perforated Sheet | Plain Woven Wire Mesh | Expanded Metal Mesh

Expanded Perforated Sheet | Crimped Wire Netting | Crimped Wire Mesh Screen

Welcome to Shree Mahalaxmi Perforators

About Us :

Since the year 2016, We "Shree Mahalaxmi Perforators" are a leading Manufacturers, suppliers and traders of Perforated Metal Sheets, expanded metal sheets / Mesh, crimped wire netting mesh in Pune from Maharashtra.

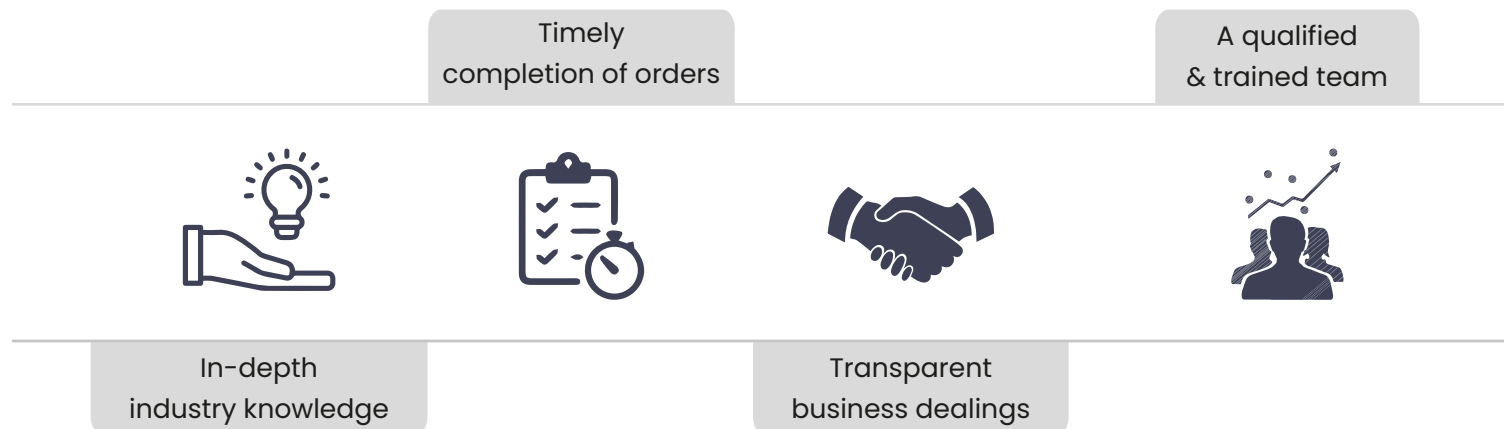

We offer an extensive range of these sheets to our valued clients in flexible prices.

Thus, we are able to gain huge client base in the market.

Our products are widely used in the field of engineering, agriculture, electrical industry and building infrastructure.

According to industry norms & standards, we provide the high quality products in compliance to meet an international standard.

Why Us :

Our Mission

The Mission of Shree Mahalaxmi Perforators is to focus on

- ✓ Quality
- ✓ Timely Delivery
- ✓ Best Of Service To Our Customers

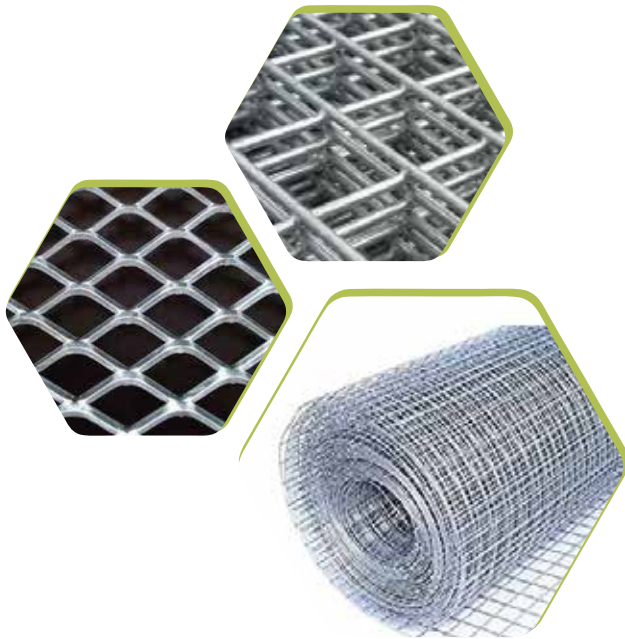

The Vision is to boost its sales and production of products such as

- ✓ Laser Cutting
- ✓ Turret Punching
- ✓ Perforation
- ✓ Perforation
- ✓ Expanded Metal
- ✓ Wire Mesh
- ✓ Welded Mesh
- ✓ Crimped Mesh

to ensure that our customers be provided best Quality of Products to their satisfaction.

Our Vision

Welded Wire Mesh :

Material :

Stainless Steel, Low Carbon Steel, Hot Dip Galvanized Wire, Electro Galvanized Wire etc.

Application :

Welded Wire Mesh are widely used in Exhibitions, Building & Construction, Window and Safety Guard, Decorative Application, Fencing, Caging and Enclosures, Farm & Garden, Agricultural use etc.

Technical Notes :

- Standard Roll Length : 50 Ft.
- Width Available: 2 ft, 3 ft, 4 ft, 5 ft.
- Custom sizes are available at request.

Expanded Metal Sheet :

Features & Benefits :

- Impeccable finish
- Ergonomic design
- Rust free
- Highly Durable
- Low Maintenance

Applications :

Electrical
Industry

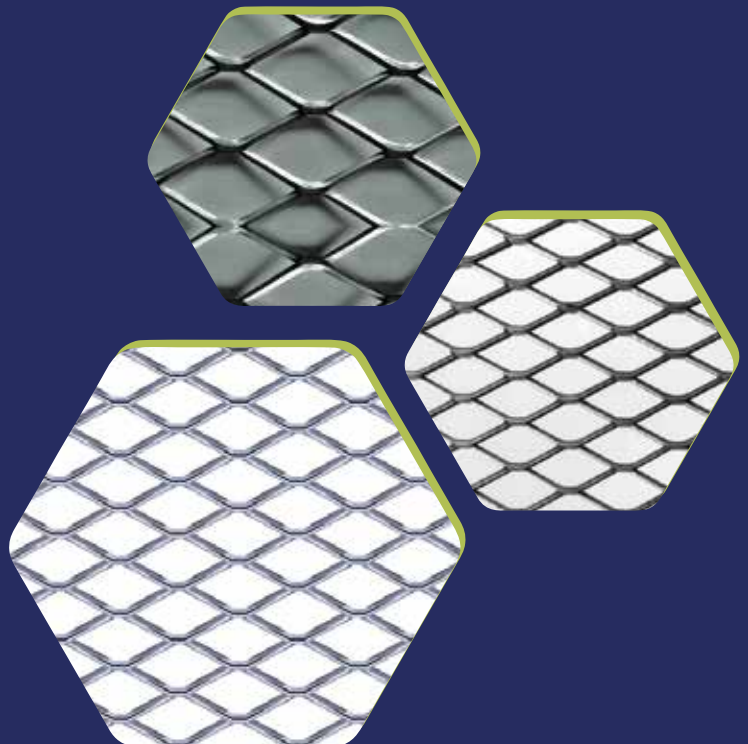

Pharmaceutical
Industry

Chemical
Industry

Technical Specifications :

Material used	Metal
Shapes/Designs	Square
Length	Customized
Surface finishing	Polished
Is It Rust Proof	Rust Proof

Perforated Sheet :

Features & Benefits :

- Anti-Corrosive
- Rust Resistant
- Cost effective
- Long Service Life

Applications :

**Cement
Industry**

**Construction
Industry**

**Agricultural
Industry**

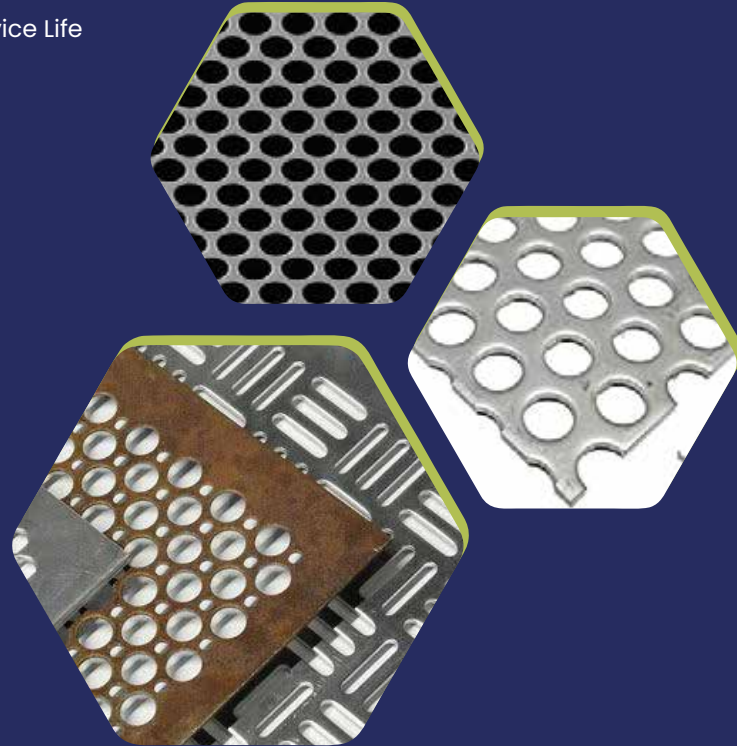

**Chemical
Industry**

**Food
Processing**

Technical Specifications :

Material used	Stainless steel, carbon steel
Shapes/Designs	Round
Length	2 to 19 mm
Surface finishing	Polished
Usage	Industrial
Is It Rust Proof	Rust Proof

Crimped Wire Mesh :

Features & Benefits :

- High stability
- Flexible
- Corrosion resistant
- Perfect dimensions
- Withstand weather changes

Applications :

**Cement
Industry**

**Agricultural
Industry**

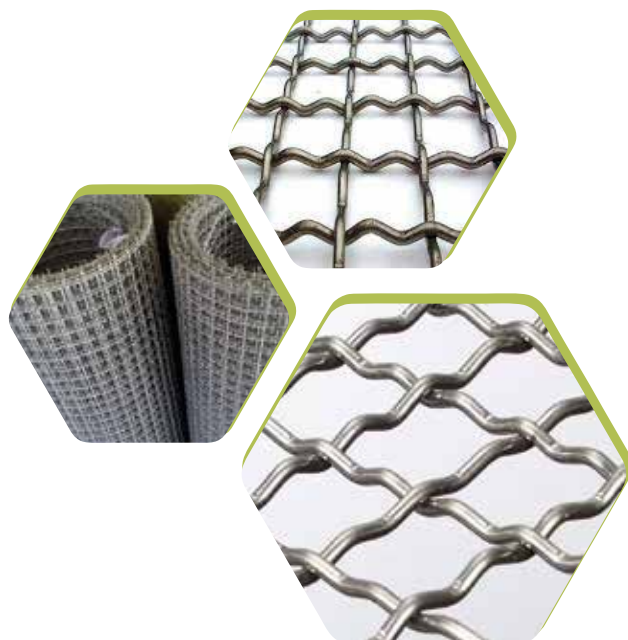

**Chemical
Industry**

**Pharmaceutical
Industry**

Technical Specifications :

Material used	Stainless steel
Shapes/Designs	Diamond, square, hexagonal etc.
Surface finishing	Polished
Style	Crimped
Dimensions	customized
Usages	Industrial

Finishing Perforated Sheet :

Features & Benefits :

- Versatile
- Easy to use
- Non corrosive
- Minimal maintenance
- Long lasting services life

Applications :

Mills

Sugar
Industry

Paper
Industry

Agricultural
Industry

Technical Specifications :

Material used	Stainless steel
Hole size/style	Square
Length	Customized
Finishing	Polished
Is It Rust Proof	Rust Proof
Usages	Industrial

Plain Woven Wire Mesh :

Plain weave woven wire mesh is used for the majority of wire mesh woven by Locker. Each warp wire crosses alternately above and below every weft wire and vice versa.

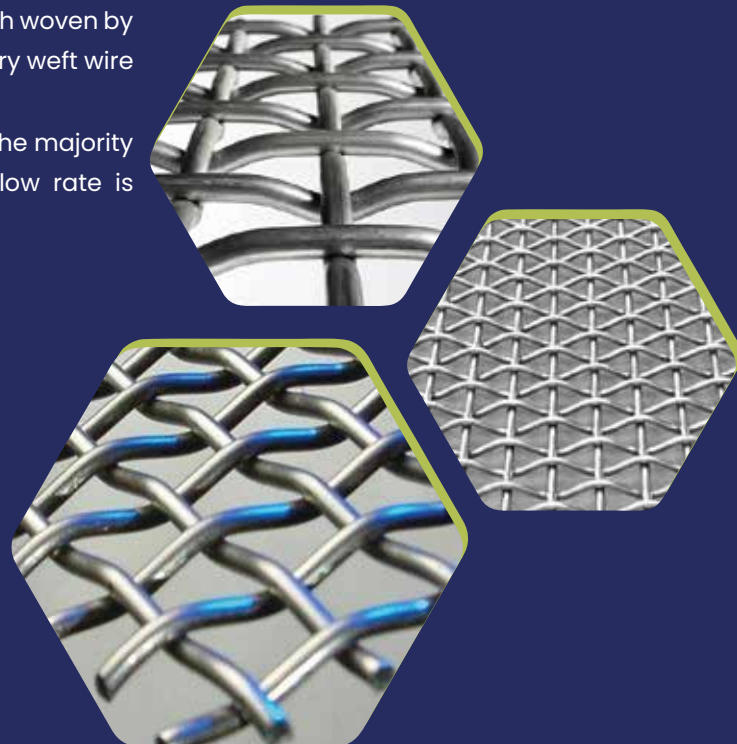

Warp & weft wires are normally of the same diameter. Used for the majority of commercial applications and for filtration where a high flow rate is required.

Features & Benefits :

- Easy Fitting
- Zero maintenance
- Long Service Life

Technical Specifications :

Material used	Stainless steel
Brand	WNS
Hole shape	Square
Wire Diameter	1.45 mm
Thickness	2 mm

Expanded Metal Mesh :

Features & Benefits :

- Polished finishing
- Highly durable
- Sturdy construction
- Corrosion resistant
- High strength

Applications :

Electrical
Industry

Construction
Industry

Agricultural
Industry

Pharmaceutical
Industry

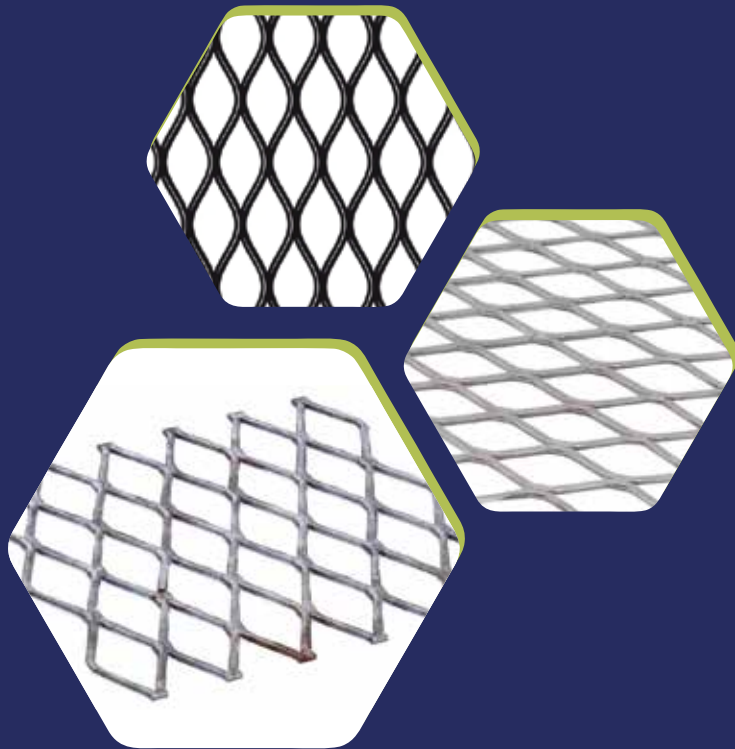

Civil Works

Safety Doors

Technical Specifications :

Material used	Stainless steel, aluminum
Shapes/Designs	Diamond, square, hexagonal
Length	Customized
Thickness	1 to 6 mm
Width	900 mm – 1500mm

Expanded Perforated Sheet :

Features & Benefits :

- Long Term Performance
- Minimal maintenance
- Life Cycle Costing
- Highly durable
- Low environmental impact
- Superior Abrasion Resistance

Applications :

Construction
Industry

Agricultural
Industry

Chemical
Industry

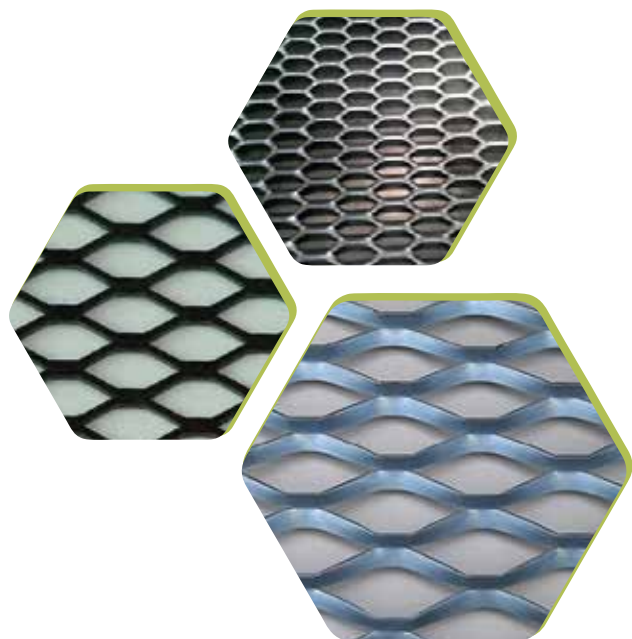

Pharmaceutical
Industry

Food & Beverage
Machines

Technical Specifications :

Material used	Stainless steel, Metal
Shapes/Designs	Square
Length	Customized
Surface finishing	Polished
Is It Rust Proof	Rust Proof

Crimped Wire Netting :

Features & Benefits :

- High stability
- Perfect dimensions
- Flexible
- Corrosion resistant
- Cost effective
- Long Services Life

Applications :

Pharmaceutical
Industry

Chemical
Industry

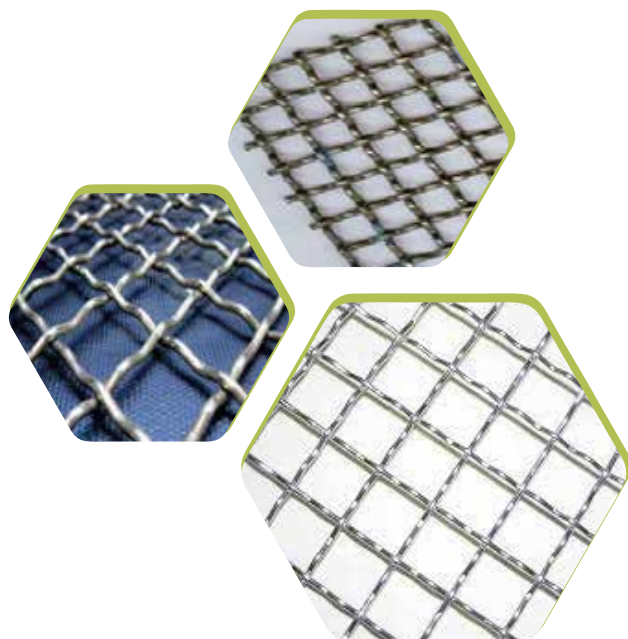

Agricultural
Industry

Cement
Industry

Technical Specifications :

Material used	Stainless steel
Hole size/style	Square
Style	Crimped
Finishing	Polished
Dimension	Customized
Usages	Industrial

Crimped Wire Mesh Screen :

Features & Benefits :

- High stability
- Flexible
- Withstand weather changes
- Perfect dimensions
- Corrosion resistant

Applications :

Cement
Industry

Construction
Industry

Mining
Industry

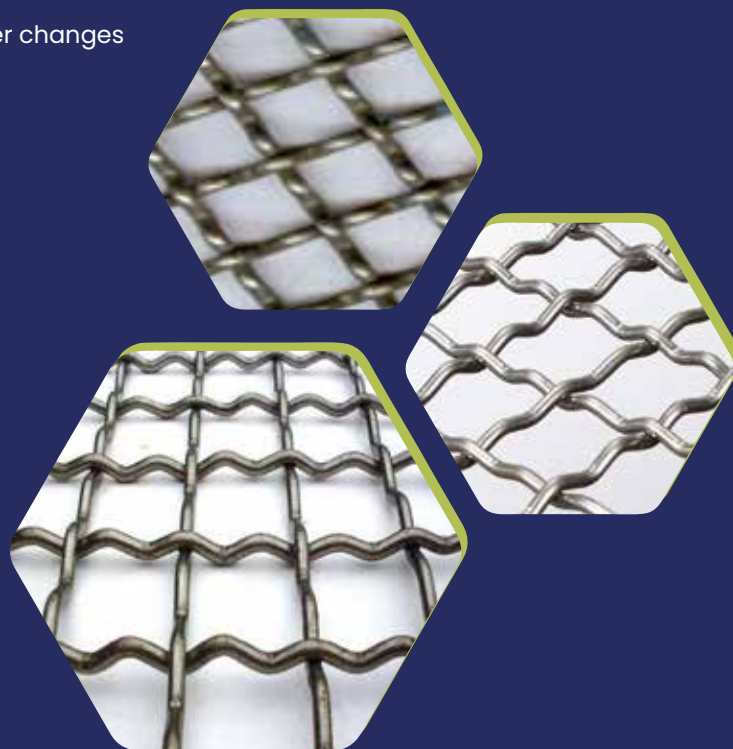

Petrochemical
Industry

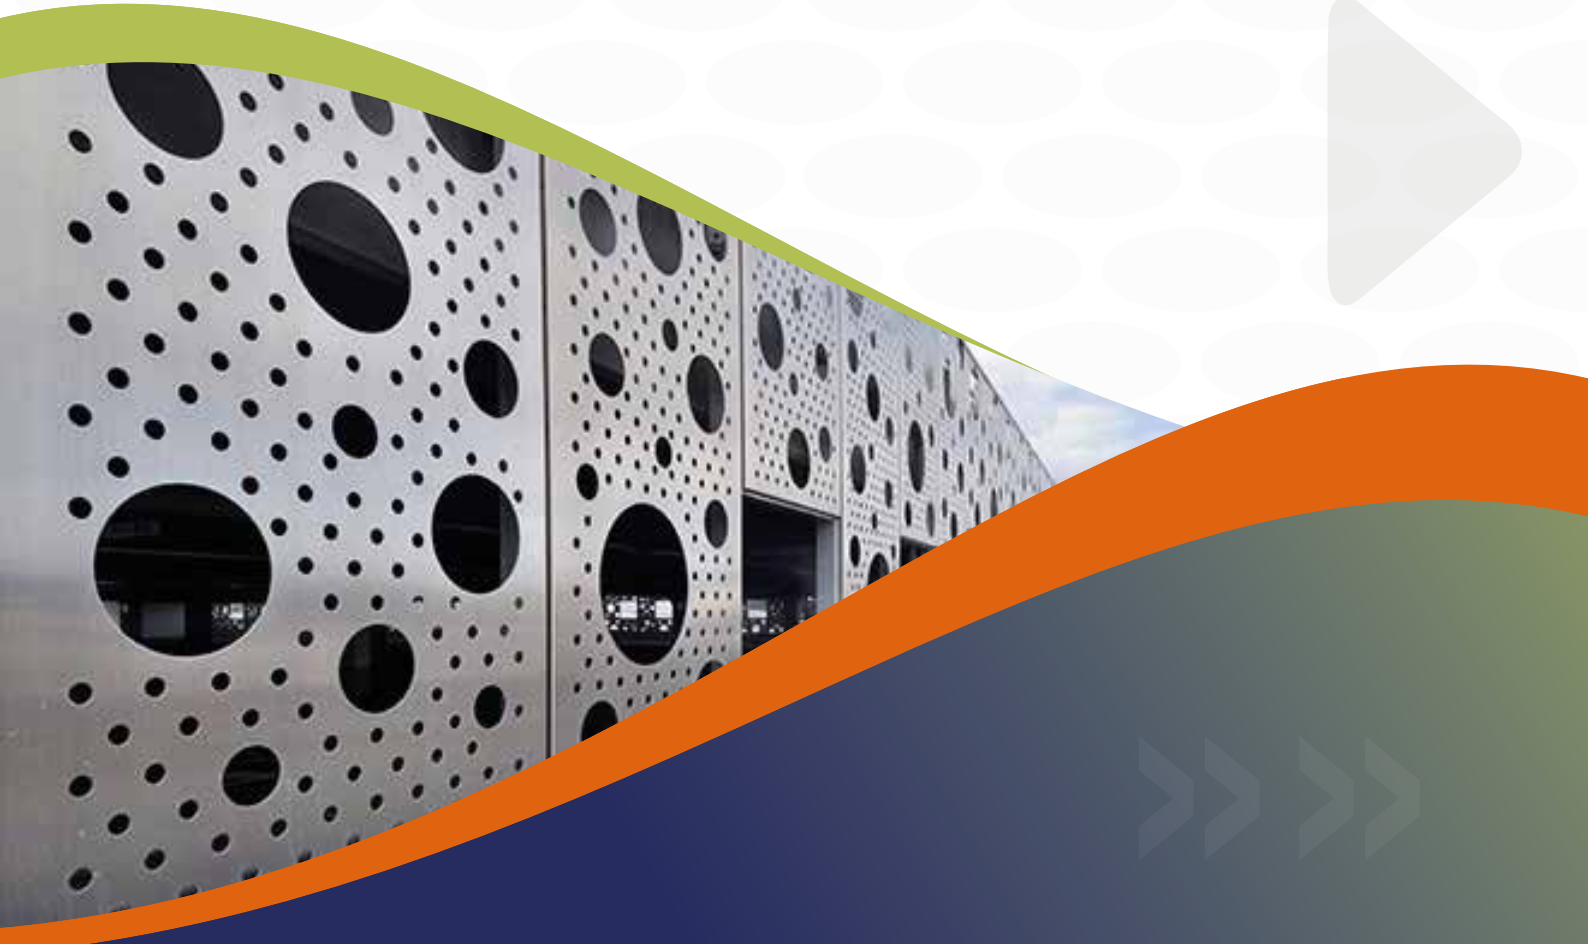

Food Processing

Technical Specifications :

Material used	Stainless steel
Shapes/Designs	square
Surface finishing	Polished
Style	Crimped
Dimensions	customized
Usages	Industrial
